

A directory of all members with Chartered status

September 2008 | Chartered Title Directory

Contents:

- 5 ▶ Chartered Insurer
- 45 ▶ Chartered Insurance Practitioner
- 78 ▶ Chartered Insurance Broker
- 91 ▶ Chartered Financial Planner

The CII is the premier professional organisation for those working in the insurance and financial services industry. It is dedicated to promoting higher standards of competence and integrity through the provision of relevant qualifications for employees at all levels and across all sectors of the industry.

Success in CII qualifications is universally recognised as a sign of commitment and professionalism.

With 92,000 members, the CII is the world's largest professional body dedicated to the insurance, savings and financial services sector. Its broad portfolio of education and qualification services is continually expanding to meet the changing requirements of companies and individuals across the financial services community.

Further information on the CII and its wide range of products and services can be found at www.cii.co.uk

Chartered title directory

The financial services industry is arguably subject to more public scrutiny and official regulation than any comparable profession. Those working within it need to demonstrate their competence, commitment and integrity at every turn. Which is why Chartered status, earned under the auspices of the Chartered Insurance Institute, is so important.

A Chartered title shows the world that you have attained and maintain the highest and most prestigious level of professional achievement. It elevates you in the public eye to the same standing as other Chartered professionals, such as surveyors, engineers and accountants. Research proves that consumers value and appreciate Chartered status. It provides comfort and security, serving as a benchmark for quality and ethical practice.

A Chartered title also shows your colleagues that you are to be taken seriously. And it proves to employers that you have the knowledge, drive and passion needed to shine in a fast-moving, competitive industry.

Chartered titles are only available to Fellow and Associate members of the CII. There are four Chartered titles:

Chartered Insurer

'Chartered Insurer' applies to qualified members working for insurance companies and Lloyd's underwriting agents.

Chartered Insurance Practitioner

'Chartered Insurance Practitioner' applies to qualified members who work as insurance intermediaries or loss adjusters, in trade and professional bodies and in other insurance-related occupations.

Chartered Insurance Broker

'Chartered Insurance Broker' applies to qualified members who are carrying on business as an insurance broker. An insurance broker is an intermediary who acts for clients and, in respect of any product type, can offer a choice of solutions.

Chartered Financial Planner

'Chartered Financial Planner' applies to eligible members who are carrying on business as providers of financial planning advice, or related activities, to individuals or corporate entities.

This directory shows the names of all 19,044 CII Chartered title holders at 03 September 2008.

Chartered Insurer
